

# Urban Clearway, Migraine

(CD)

Keep my head together make me head strong  
Keep my head together keep me headstrong  
Keep my thoughts short 'cause they're so long  
Keep the pain smothered like a smoke bong  
Keep my mind together cos it's leaking  
Turn off the voices that are speaking  
Noise inside my head is getting louder  
Grinding pain relief down to a powder

(Chorus:)

My eyes won't focus  
Except on the pain  
My mind won't focus  
Except on my brain (x2)

It's getting louder - louder
