

Urban Dub, The end of something

Something isn't right here,
I've been feeling it for a while
I used to be so certain but
things are clearer now
between the lines drawn
are getting thin
could this be the end of something beautiful?

She makes me feel like i lost it all
no hope of return, she's never returning
our bitter words that echoed
across these walls tonight
take back things said that were never meant

She's caught up in my system
a new drug is so hard to find,
leaving me dry
renounce you of my body
just to be with you
once more i close my eyes

She makes me feel like i lost it all..

Cause it feels like the end of it all,
were strangers again(all promises lost)
and it feels like the end of it all
(could this be the end?)
could this be the end of something beautiful?
