

Urban Rock, Leave

Im stood still
Faces of shadows stare
I waste away all alone
Its unfair...as is life

Im stood here
Waiting for happiness
Waiting and reservating my future
Is it there?

Did there use to be a time i was happy
Or did i just get used to being alone
Will there ever come a day
When all my problems go away?
and leave.....just leave

Im so scared of being vacant and stranded
Melting from self inflicted pain
That i din't cause

Just give me a sign that all is worth living
That theres a point to be proven
And i..could be a hero for once

Will there ever be a day i'll be happy
Or will i have to get used to being alone?

I don't think they'll come a day
When all my troubles decay
Cos i am used to feeling blue
All of this is down to you
I don't think they'll come a day
When all my problems go away
But i'm used to feeling blue
All of this is down to.....you.
