

Urge Overkill, Dump Dump Dump

I need a shot and a beer
You wanna buy me some
You know I had to hit the bar today
Since I met the new woman - that's right
I need another like a hole in the head
I need a place to go
'Cause I'll be burnin' 'til I spin out bad
I just don't give a f*ck, don't give a f*ck anymore
It's all dump
Dump
Dump
Dump
It's all dump
Why'm I drivin' at 110, down her highway home
You know I'd turn these wheels around just to be alone
There ain't no meat in the graveyard
There's only bad dresses and bones
You know there ain't nothing in hot-blooded girl
If you can't smile when you take it on home
Have I landed in Hell
I don't what I'm sayin'
When you're full of your own dump
People walk away
It's all dump
Dump
Nothin's gonna get me outta bed today
Nothin' but dump
It's all dump
