## Uriah Heep, All My Life

(Box/Byron/Kerslake)

I had a little look for a minute today And I told there was something That I wanted to say

Just sitting here glowing with her red light on So I've gotta move fast And it shouldn't take long

Maybe she will, maybe she won't We can get it so together If she doesn't say don't

I've never ever thought I was looking for a wife But I think I could love her For the rest of my life yeah

I only took one 'cause I couldn't take two I wanna make love And it's gotta be you

Every little thing that I ever tried to say Is coming out right In my own kinda way

Take it, make it, it really feels fine She must be Lady Luck If she's gonna be mine

I never ever thought I was looking for a wife But I think I could love her For the rest of my life I will love you all my life (repeat last line to fade)
