Uriah Heep, Magic Lantern

When you look inside My magic lantern All the world is yet unseen Try to gaze into The yellow glowing To get a reflection of me

In a land of make believe and magic You can be just anything you feel You think that what you're in is a dream But know that the lantern is viewing

View the magic lantern Take a trip around the world View the magic lantern There's a thousand Mysteries unfurled And I know one of them

I remember your face Can't remember the place Here on our own Living alone

You can dream that You're a man of power Ready to be happy with your gold Without love your mind is going sour Money's no good when you're old

View the magic lantern You can have the sky above Yeah, the magic lantern You'll buy everything but love Everything but love
