## Uriah Heep, Salisbury

Somewhere in your eyes that very special glow Somthing drawing me to where I do not know I never really thought that I would lose myself Now I'm moving faster than anybody else You moved without a sound and touched me with your hand Just like the rains that fondles every little grain of sand This thing we're going to do it's just for you and me I'm gonna make it good, good as it can be, oh Do it this time with me Your kiss is sweeter now your breath is getting warm We must take our time to make it last 'til dawn I wonder will it be oh I expect it to There have been other girls but no one else like you I feel a power here I never felt before And I begin to see what draws us to want more Oh girl of all my dreams please tell me if I'm wrong Because I've been blue, but we belong As time passed and all too fast I knew we couldn't last And I guessed that the end was near at last Though we tried our love inside It just crumpled up and died What went wrong I will never understand You tell me why Alone again, how could you leave me Alone again, I don't wanna be Alone again, yeah! There's a line in a rhyme I was going to send to you It says & amp; quot All that is to be will surely be & quot; So you thought you had to go 'Cause you needed someone new Is there still a chance that you'll come back to me I want you back you see Alone again, how could you leave me Alone again, how could you leave me Alone again, I don't want to be alone again yeah!
