

US5, Child Inside

There's a truth inside your mind girl
And then the name of what is right girl
Find the child

Jay:

Every day, there is way
for you and me to change the state we're in
You're gotta try gotta open up your eyes

Richie:

You will see love's the key
living in a world we wanna be
open up truth in live... in live

Chorus:

Everything we know, everything will show
doesn't have to be the way to go
live's so turning real you gotta keep it real
listen to the child inside of you... (x2)

Chris:

So you say that you pray
that nothing of that really comes around
don't give up rainy days will pass on by... on by...

Jay:

Talk to me can't you see
yeah we got to solve a mystery
I realise the turn in lies... in lies...

Chorus:

Everything... (x2)
