

US5, Come Back To Me Baby

Now I am praying for a better day
That we can find a way
To make this feeling last
Tell me why we have to be alone
How can we carry on
with this pain inside
Oh Girl...
Come back to me Baby
Come back cause I need you by my side
Come back to me Baby.'Cause i need you here
(Oh Girl I need you here)
Come back to me Baby
Come back cause I need you by my side
Come back to me Baby cause I need you here
Why cant you see
My love is real
If only I had you in my arms
Please come back to me
I make you feel
The love that I have...
