

US5, In This Box (Mikel)

In this box where my body rocks
I wanna break free and burn down the blocks

See my bodie s flippin` I m a bad guy kickin`
Like a freak I shock

Verse

Watch this body workin`
But never cross the line
One step further and this man will hurt ya
You ll be the victim to his crime
Watch out where you re standing
Better hide your face from me
Once I keep you in my mind it s too late
You won t be saved from me

But if sugar me you can taste for free
I will burn you up and be your man tonight
Come and use the key let my body free
Everything I do will make you feel allright
