

# US5, Just Because Of You

Jay:

Just because of you  
I'm crying in sadness  
So I'm begging you, wanting you, calling you

Jay:

I've never believed our love would die  
It's funny how time just passed us by  
I couldn't imagine you'd walk out my life

Chris:

And all of the girls I once knew  
They all disappeared when I met you  
You're all that I ever wanted in my life

All:

And I find a way  
To make you stay  
I still believe in our love  
And I see the truth  
Because of you  
The key to our lasting love  
(Jay: Do what lasting over me)

All:

Just because of you  
I'm cryin' in sadness  
Give it one more try  
And I'll do the same  
Just because of us  
I feel like I'm dyin'  
So I'm beggin' you, wantin' you, callin' you

Richie:

I never believed a man should cry  
Until you got up and said goodbye  
I pray for the day You'll come back in my life

Michael:

I'd do anything to make this right  
If only I had you by my side  
I'm thinking about you baby  
Day and night

All:

And I'll find a way  
To make you stay  
I still believe in our love  
(Jay: You believe in our love)  
And I see the truth  
Because of you  
The key to our lasting love  
(Jay: Do what lasting over me)

All:

Just because of you  
I'm crying in sadness  
Give you one more try  
And I'll be the same  
Just because of us  
I feel like I'm dying  
So I'm begging you, wanting you, calling you

All:

Just because of you  
I'm crying in sadness  
Give you one more try  
And I'll be the same  
Just because of us  
I feel like I'm dying  
So I'm begging you, wanting you, calling you.
