

# Usher, Boyfriend

Somebody said that your boyfriend's looking for me, oh that's cool, that's cool

Well he should know I'm pretty easy to find  
Just look for me wherever he sees you

I go wherever you go, oh  
I go wherever you go, oh

Turn the lights on  
It seems natural for me to wonder off to where you are (wonder off to where you are)

In your head, since I'm not in your bed, you just imagine

Daydreaming about me (oh)

Trying to be on your best behavior  
Loving me on the low  
The taste of your thoughts I can't wait until it's over

Somebody said that your boyfriend's looking for me, oh that's cool, that's cool

Well he should know I'm pretty easy to find, just look for me wherever he sees you

Somebody said that your boyfriend's looking for me, that's cool (yeah)

If he could find a way to get in your mind, say he want me, that's all he got to do

I go wherever you go, oh  
I go wherever you go, oh

I try my best not to be all in your phone  
But I know that's not what you want

Might as well keep some pictures of the two of us in your home

When you slow dance by yourself, I'm right behind you (yeah)

Spray my fragrance on your skin; it will remind you (remind you)

Of the times we linked up  
And the nights we dreamed of, girl

Somebody said that your boyfriend was looking for me, oh that's cool, that's cool (yeah)

Well he should know I'm pretty easy to find, just look for me wherever he sees you

Somebody said that your boyfriend was looking for me, that's cool (yeah)

If he could find a way to get in your mind, say he want me, that's all he got to do

I go wherever you go, oh  
I go wherever you go, oh  
I go wherever you go, oh  
I go wherever you go, oh  
I go wherever you go, oh
