

# Usher, Good Good (feat. 21 Savage, Summer Walker)

e ain't good good, but we still good  
We ain't good good, but we still good

I hate that we didn't make it to forever  
Probably ain't getting back together  
But that don't mean that I can't wish you better  
We ain't good good, but we still good  
I realize that I can't be your lover  
Let's just keep it honest with each other  
I'll be happy for you when you find another  
We ain't good good, but we still good

Who knew it'd be like this?  
Usually my exes turn to enemies  
But this is different  
'Cause we don' got closer now that you ain't with me

All that love that we had  
Ain't no way we gon' forget that  
And your family, love me like I'm family  
You know where you stand with me, so when they ask tell them  
"Right one, right place, wrong time  
Can't say we didn't try"  
But you always been a real one even though we ain't together  
It was real love and baby it's still love

I hate that we didn't make it to forever  
Probably ain't getting back together  
But that don't mean that I can't wish you better  
We ain't good good, but we still good  
I realize that I can't be your lover  
Let's just keep it honest with each other  
I'll be happy for you when you find another  
We ain't good good, but we still good

All them plans you made for me to be your Mrs.  
All the stacks that you done spent on me at Lenox  
It don't go forgotten  
But we're happier apart than locked in  
No smoke with me, I promise boy I don't do drama  
It didn't work, but I hope you find another  
I wish you peace, I wish you good sex and good sleep  
Find the girl of your dreams  
'Cause I sleep well at night knowing this ain't meant to be

Right one, right place, wrong time  
Can't say we didn't try  
All good things come to an end  
So let's just learn the lessons and find loving again

I hate that we ain't make it to forever  
Probably ain't getting back together  
But that don't mean that I can't wish you better  
We ain't good good, but we still good  
I realize that I can't be your lover  
Let's just keep it honest with each other  
I'll be happy for you when you find another  
We ain't good good, but we still good

No matter who you with I want to see you happy (on God)  
It didn't work out, but that don't mean you should attack me (21, 21)  
We enjoy the five star meals, but you was with me for the Zaxby's (facts)  
Holding me down from the start, I used to be broke I was actually (21)  
I hate that we didn't tie the knot, but shit that's how life goes (on God)

You always will say that I might blow (21)  
Got rich and I paid for your lipo (21)

I know the person you is (yeah)  
That's why I still want to be friends (on God)  
If you wanna open up a new salon, I still help pay for the wigs (straight up)  
And I help with the lease (on God)  
You know I ain't never been cheap (21)  
Relationships don't always last, but let's not turn it to beef (21)

I come through from time to time and have you grabbing them sheets  
That's if you want to, I'm just playing girl  
Stop smacking your teeth (21, 21)

I hate that we didn't make it to forever  
Probably ain't getting back together  
But that don't mean that I can't wish you better  
We ain't good good, but we still good (we still good)  
I realize that I can't be your lover  
Let's just keep it honest with each other  
I'll be happy for you when you find another  
We ain't good good, but we still good
