

# Usher, Whatever I Want

featuring Mike Jones

(Usher)

Yeah

If you only knew

I already sized you up

Sittin' next to me lookin' so tough

And your fixin' your hair runnin' your game

Tellin' me I only want one thing girl

Sincerity's what you need for now

In a while the truth will all come out

And it's almost unfair to me

What you wanna say baby ready to see

(Chorus)

It's so clear to me

It's that everyone will hear you speaking

Whatever I wanna do

It's whatever I wanna do

Whatever I want I can do to you

Whatever I want I can do to you

Whatever you say is just givin' me well

Whatever I want baby I can do

Whatever I want

(Usher)

You can't get enough

Man, conversation I can feel your touch

You losin' points trying to play the role

Let's keep it cool nonsexual

Girl I know how you feel

But you don't want it for real

It's whatever I wanna do

You don't even know what you got into

(Chorus)

(Usher)

It just ain't right

You feelin' so frustrated

You can't stop the feeling

The feeling is close to me

Girl you know that Everything you need is right here

So now when we do whatever we want to (ohh yeahh)

Whatever I Want

(Mike Jones)
