Usher, You Make Me Wanna (Timbaland Remix)

(feat. Timbaland)

[Timbaland]
Uh, uh-uh, can you feel me?
Uh, say what? Say what
Uh, uh-uh, can you feel me?
Usher

[1 - Usher]
 You make me wanna leave the one I'm with
 Start a new relationship with you
 This is what you do
 Think about her and all the things it come along with

You make me wanna leave the one I'm with Start a new relationship with you This is what you do Think about her and all the things it come along with You make me, you make me

[Usher]

You make me

Before anything began between us
You were like my best friend
The one I used to run and talk to
When me and my girl was having problems
You used to say it'll be OK
Suggest little nice things I should do
And when I go home at night and lay my head down
All I seem to think about was you
And how

[Repeat 1]

[Usher]

Now what's bad is you're the one that hooked us up Knowing it should have been you What's sad is that I love her but I'm falling for you What should I do? Should I tell my baby bye-bye? Should I do exactly what I feel inside? Cuz I, I don't wanna go, don't need to stay But I really need to get it together

[Repeat 1]

[Timbaland]
Baby it's kind of honey
How you make me feel
I've been with your friend for about five years (five years)
I never thought that I would change my decision (uh-huh)
I wanna kiss you and hold your hand with your permission (Uh-huh)
Honey got me twisted in the head like a cuckoo clock
Trying not to look
But I, but I, but I can't stop
What can I say? I wanna be with you
Usher bring in the hook, I'm out dude what?

[Repeat 1]

Ooh you're making me You're making me, you're make me Oh you make me-

[Repeat 1]

Leave the one I'm with Start a new relationship with you This is what you do Think about her and all the things it come along with You make me, you make me

[Repeat 1 till end]
