

# Utada Hikaru, Sanctuary

wonk uoy naht noitceffa erom deen I  
In you and I there's a new land,  
Angels in flight  
wonk uoy naht noitceffa erom deen I  
my sanctuary, my sanctuary, yeah  
Where fears and lies melt away  
Music will tie,  
Wonk uoy naht noitceffa erom deen I  
What's left of me  
What's left of me now  
I watch you fast asleep,  
All I fear means nothing  
In you and I there's a new land,  
Angels in flight  
wonk uoy naht noitceffa erom deen I  
my sanctuary, my sanctuary, yeah  
Where fears and lies melt away  
Music will tie,  
wonk uoy naht noitceffa erom deen I  
What's left of me  
What's left of me  
snwod dna spu ynam os  
My heart's a battleground  
snoitome eurt deen I  
wonk uoy naht noitceffa erom deen I  
snoitome eurt deen I  
You showed me how to see,  
That nothing is whole and nothing is broken,  
In you and I there's a new land  
Angels in flight  
wonk uoy naht noitceffa erom deen I  
my sanctuary, my sanctuary, yeah  
Where fears and lies melt away  
Music in time  
wonk uoy naht noitceffa erom deen I  
What's left of me  
What's left of me now  
My fears, my lies  
Melt away...  
wonk uoy naht noitceffa erom deen I
