

Vacant Stare, Where I Stand

Before you say things I like
Try to read between the lines
Cause we've fallen down
To many times

And now I'm leaving don't you stand in front of me
Or where I want to be
Where I wanna be

Before you say
I'd like to know where I stand
I'm on my way
I'd like to say my goodbyes

Before you waste your breath
Think back to the rest
Cause we've fallen apart
So many times
You start to realize that we're not as strong as we
Might of thought we'd be
Might of thought we'd be

Before you say
I'd like to know where I stand
I'm on my way
I'd like to say my goodbyes
Before you say
This is where I stand
I'd like to know where I stand
This is where I stand
I'm on my way
This is where I stand
And I'd like the time to say my goodbyes

Excuse me this my life your messing with
And I'm tired of telling you
This is what I want to do
And I'm asking you
Don't stand in my way

Before you'd stand in front of me
Before you would stand in front of me

Before you say
I'd like to know where I stand
I'm on my way
I'd like to say my goodbyes
Before you say
This is where I stand
I'd like to know where I stand
This is where I stand
I'm on my way
This is where I stand
And I'd like the time to say my goodbyes

Excuse me please
This is my life you're messing with
And I'm tired of telling you
But I guess
You'll never understand
