

# Vade, Locked Gates

save one piece of it  
a slice of hope cut out of cold steel  
i trace the light, it pulls me back  
i think of your face and the strength i lack

i cant bend, unlock these gates  
trust in me  
i cant find a way inside  
trust in me

back and forth i fight the solitude  
and if i go down hard i was meant to  
it seems to fit all your worries there  
look in the sky, the rocks, the cold air

(my loneliness is killing me  
i must confess i still believe  
when im not with you i lose my mind  
give me a sign, hit me baby one more time)

cant push this over, its stronger than before  
but i keep on picking up going hoping  
one day they will break for me

i cant bend, unlock these gates  
trust in me  
i cant find a way inside

now we're in love  
karma's a bitch  
one day they will let me in  
trust in me
