

# Vader, Halleluyah (God Is Dead)

Passing the empty house  
I see the thing upon the Wall  
Wooden sticks crossed together  
And kneeling man talking to the effigy of steel...  
God is Dead!!! Dead !!! Halleluyah!!!

Smell of burnt bodies  
Slaughtered virgin lies dead without the face  
Men staring at the skies  
Singing lines and eating sand of waste...  
God is Dead!!! Dead !!! Halleluyah!!!

Wandering the globe around  
I saw no miracles nor wonders  
Humanity so poisoned by their myths  
Why none can see my wings?!  
God is Dead!!! Dead !!! Halleluyah!!!
