

# Vader, Stranger In The Mirror

[Lead: Peter]

Forthcoming transformation  
Of endless being  
Fortitude is not enough  
Ominous face and twisted body  
Everything upside down  
Calamitous coincidence  
And now i'm half-life, half-dead...

[Lead: Mauser]

In the search through the ruins  
Among weird kingdoms  
We found our death

Cocoon of thoughts  
Downtrodden in the maze of pain  
Creatures which were formed  
From sin and wounds

No one give credence  
Of nightmare inside  
No one give credence  
What happened last rite

[Lead: Mauser]

Now when everything passed away  
I'm wondering  
Where i was and who am i  
This stranger in the mirror  
In the mist of winter breath  
Looking for the flesh  
Found spiritual dimensions  
Where he lost his path
