

# Val Emmich, A Voice

Telephone message  
Your voice I kept it  
To remind me

That you're not going to die in my mind

I still have your CD  
Guess now it belongs to me  
And I'm still listening

But you're not going to die in my mind  
You're still alive and well  
If you leave so does my sanity

You're not in heaven and you're not in hell  
You're inside me and you're doing well  
You're not an angel and you're not dust  
You're just a voice I wish I could touch

I miss you so much  
I miss you so much  
I miss you...

But you're not going to die in my mind  
You're still alive and well  
If you leave so does my sanity
