

# Valentine, Angel Of My Heart

Life - when will it bring  
This memory back in time  
When will it bring me back  
The love of my life  
Can I ever solve  
The mystery in my heart  
Will I ever find out who you are  
Ooh I&#039;m still trying

Love - will I always hold on  
To this love  
Even when the pain gets too tough  
No there&#039;s no one  
In the world like you  
No there&#039;s nothing  
I don&#039;t do for you - wooh  
Only for you - only for you

Wooh angel of my heart  
You don&#039;t know  
You still tear me apart  
Wooh angel of my heart  
I still love you

Time - never gave me any chance  
For peace of mind  
Never made me leave  
The heartache behind  
Now it&#039;s all so grey and blue  
Can&#039;t you see I&#039;d die for you  
Wooh - only for you - only for you

Wooh angel of my heart  
You don&#039;t know  
You still tear me apart  
Wooh angel of my heart  
I still love you  
Oh I still love  
I&#039;m still in love with you

Can&#039;t you see  
What she&#039;s doing to you  
Yeah - but my love still remains  
Wooh - don&#039;t you see  
Where it&#039;s leading you to  
But without her it is never the same  
Never be the same

[chorus]

Wooh - wooh - loving you  
I still believe in the things you do  
I&#039;m still in love with you
