

# Valentine, Night Train

I'm LEAVING on the night train  
don't know if I'll be back again  
Got a one-way ticket and a box-car smell of gin  
Well, outside the world looks so dark as hell  
You only see the rain FALLING  
when the lightening strikes  
On the night train, On the night train  
I was a stock market king and I drove a big Cadillac  
Now, I've got my life tied  
to a broom-handle stick and a bag  
A mirror reflection on the broken glass  
YOU ONLY SEE the tears FALLENG  
when the LIGHTENING strikes  
On the night train  
Lord, on the night train

[CHORUS]

Night train - keep on rollin'  
Train, keep a rollin' on  
Night Train - keep on rollin'  
And lead me to the promise land
