

Valentine, No Way

Cool it baby, I know just what you're thinking of
Funny how ya keep on talkin' crazy when we're makin' love
So busy with these little games you play
I can't wait to hear what you say

Chorus:

No way

Don't try and tell me you might ('cause I know what you're doin&

No Way

Oh, you're gonna get me tonight

Oh, baby, c'mon girl, don't ya think that you've had enough

Runnin' around and 'round and 'round and 'round o

Every time you try to get your way

Oh, don't you hear what I say

(Chorus)

So busy with these little games you play

Don't try to get me, I won't come your way

Don't make me push you away, no

(Chorus)
