

Valentine, Rain

When you changed the rules of love, was it all in vain
The looking glass staring back showing all the pain
Tables turn while lovers cry - now right is wrong
Still, you carry on

[chorus]

Walking in the rain - lonely street, feel the heat
Walking in the rain - you always get your feet wet
Walking in the rain - city night, no taxi light
Walking in the rain - walking, walking in the rain

[verse]

The morning sky lost the sun to a stormy day
Tired eyes like a neon sign flash the blues away
A radio plays a song like a lonely heart
Keeps you holding on

[chorus]

Walking in the rain - lonely street, feel the heat
Walking in the rain - you always get your feet wet
Walking in the rain - city night, no taxi light
Walking in the rain - walking, walking in the rain

[bridge]

(take it back) i can't take it back
Gone is yesterday (take it back, you can't take it back)
(take it back) i can't take it back
Words don't fade away
