

Van Morrison, Give Me A Kiss

Baby just one sweet kiss,
Honey from your sweet lips
Baby just one sweet kiss,
Honey from your sweet lips
That's all I want, that's all I need
I'm satisfied

Baby just one of your smiles
You know makes it all worthwhile
Baby just one of your smiles
You know makes it all worthwhile

We could go walking down the lane

Together hand in hand
But if you think
That it's gonna rain
We'll stay at home
And listen to the band

Baby just one sweet kiss
Honey from your sweet lips
Baby just one of your smiles
You know makes it all worthwhile
That's all I want, that's all I need
I'm satisfied.
