

# Van Morrison, Once In A Blue Moon

(Van Morrison)

Once in a blue moon  
Something good comes along  
Once in a blue moon  
Everything's not going wrong  
When you get weary  
Beating on the same old gong  
Once in a blue moon  
Someone like you comes along

Once every once in a while  
Something comes along that feels just right  
Once every once in a while  
Just like switching on an electric light  
And sometimes you try till you're blue in the face  
But when you get that feeling  
Nothing's going to take its place

Once in a blue moon  
There's a thing called happiness  
It happens when you're in  
A state of natural grace

When the wind is blowing  
All around the fence  
I get that happy feeling  
Things start making sense  
All just feels so lucky  
That you just can't go wrong  
Once in a blue moon  
Someone like you comes along

Once in a blue moon  
There's a thing called happiness  
It happens when you're in  
A state of natural grace

When the grass is growing  
All around the fence  
And you get that happy feeling  
Everything starts making sense  
And you get so lucky  
That you can't go wrong

Once in a blue moon  
Something comes along  
Once in a blue moon  
Someone like you comes along  
Once in a blue moon  
Something good comes along  
Once in a blue moon  
Someone like you comes along
