## Van Morrison, One Irish Rover

Tell me the story now Now that it's over Wrap it in glory For one Irish Rover

Tell me you're wiser now Tell me you're older Wrap it in glory For one Irish Rover

Bridge:

I can tell by the light in your eye That you're so far away Like a ship out on the sea Without a sail, you've gone astray

Tell me the facts real straight Don't make me over Wrap it in glory For one Irish Rover Tell me you see the light Tell me you know me Make it come out alright And wrap it in glory For one Irish Rover For one Irish Rover One Irish Rover One Irish Rover
