

# Van Morrison, Streamline Train

Oh that mean old fireman  
Good old engineer  
Mean old freight train  
Took my girl from here  
I'm gonna leave in the morning  
Baby on that streamline train  
Only one thing mama  
Keep your mind off this man

Women in Chicago  
Sure do make me tired  
A hand full o' gimme  
A mouth full o' much obliged  
I'm gonna leave in the morning  
Baby on that streamline train  
And there's only one thing mama  
Keep your mind off this man

Streamline Train  
Greenback dollar bill  
A lovin' proposition  
Gonna get somebody killed  
I'm gonna leave in the morning  
Baby on that streamline train  
Well, there's only one thing mama  
Keep your mind off this man

Went down to the station (hey hey)  
Acting like a child (alright)  
Had to call my baby, say  
What train do I ride?  
I'm gonna leave in the morning  
Baby on that streamline train  
Just one thing I must say mama  
Keep your mind off this man  
Off this man

Well, women in Chicago (hey hey)  
Sure do make me tired (alright)  
A hand full o' gimme  
A mouth full o' much obliged  
I'm gonna leave in the morning  
Baby on that streamline train, streamline train  
Well, there's only one thing mama  
Keep your mind off this man

Streamline train (hey hey)  
Fastest train that runs (alright)  
Hard working train  
Ain't gonna hurt you none  
I'm gonna leave in the morning  
Baby on that streamline train  
Well, there's only one thing mama  
Keep your mind off this man

Streamline Train (hey hey)  
Greenback dollar bill (alright)  
A lovin' proposition  
Gonna get somebody killed  
I'm gonna leave in the morning  
Baby on that streamline train  
Well, there's only one thing mama  
Keep your mind off this man  
Well, there's only one thing mama

Keep your mind off this man  
Well, there's only one thing mama  
Keep your mind off this man  
Well, there's only one thing mama  
Keep your mind off this man  
That streamline train
