

Vanessa Amorosi, By My Side

How can I tell you how much I love you
How can I say what words cannot say
How can I tell you all that I need to
What can I do to make you stay

Please don't go away

If I could only stop all the hurting
If I could wash your tears away
If I could only give you a reason
To hold on to night and day

(Wish you well, I wish you well)
I want you to know you're not alone
(Wish you well, I wish you well)
Wherever you go you're not alone

Cos I've been dreaming
With open eyes
Wishing you were here with me
I keep believing that I'll wake up
And you will be right by my side

Right by my side

Everyone says that love would complete me
The deeper the heart,
The harder the soul
I've got this feeling burning inside me
Can't you see you're not alone

(Wish you well, I wish you well)
I want you to know you're not alone
(Wish you well, I wish you well)
Wherever you go you're not alone

Cos I've been dreaming
With open eyes
Wishing you were here with me
I keep believing that I'll wake up
And you will be right by my side

Right by my side

How can I tell you how much I love you
How can I say what words cannot say
How can I tell you all that I need to
What can I do to make you stay

Right by my side
