

Vanessa Carlton, Watch Me Shine

Ooh..

I'm not your average type of girl
I'm gonna show the world
The strength in me that sometimes they can't see
I'm about to switch my style
And soon things may get wild
But I'll prove that I can conquer anything

So from my head to toe
I'm taking full control
I'll make it on my own this time
(watch me shine)

Better watch out
Going for the knockout
And I won't stop till I'm on top now
Not gonna give up until I get what's mine
Better check that I'm about to upset
And I'm hot now so you better step back
I'm taking over so watch me shine

Oh oh oh

So get ready here I come
Until the job is done
No time to waste
There's nothing stopping me
Oh
But you don't hear me though
So now it's time to show
And prove I'm gonna be the best I can be

So from my head to toe
My mind, body and soul
I'm taking full control
This time
(So watch me shine)

Better watch out
Going for the knockout
And I won't stop till I'm on top now
Not gonna give up until I get what's mine
Better check that I'm about to upset
And I'm hot now so you better step back
I'm taking over so watch me shine

Oooo oh ya ya (Oh ya ya)

Bet you don't think I can take it
But my mind and body are strong
Bet you don't think I can make it
It won't take long

Bet you don't think I can take it
But my mind and body are strong
Bet you don't think I can make it
It won't take long

Now watch me shine...

Better watch out
Going for the knockout
And I won't stop till I'm on top now

Not gonna give up until I get what's mine
Better check that I'm about to upset
And I'm hot now so you better step back
I'm taking over so watch me shine

Now watch me shine...

Better watch out
Going for the knockout
And I won't stop till I'm on top now
Not gonna give up until I get what's mine
Better check that I'm about to upset
And I'm hot now so you better step back
I'm taking over so watch me shine

Watch me...

Ooh oh oh

Watch me shine...

watch me...
