

Vanessa Hudgens, Don't just go back, arrive

What I'm going to wear my first day back to school

You could really rock the style with me

If i'm with you i be me obviously

How about me?

Pick me, pick me, pick me, pick me, pick me, pick me, pick me, pick me, pick me, pick me, pick me

I've got the looks

To go with the books

Style that gets a's

I'm used to the praise

Not space in class it

My hand that gets arrised

Cute skirt

White shirt

Looking good enough

To fill out a torium

For Validictorian

(Ooh)

Before me now

These shorts look smart

If put it on right

Don't just go back

Arrive

(Rap)

I'm going back to school

And that's so cool

There's no trap

(Trap)

I gotta come back

And you

Can watch me ride

When I arrive

A walking music video

Straight off T.V

A style radio tuned

To all the stations

If they cheats they a.m

The books they f.m

My hook and my look

Make em' crazy hectic

My image is like

My guitar electric

Turn my volume high

Let em' know your alive

Don't just go back

Arrive

(Rap)

I'm going back to school

And that's so cool

There's no trap

(Trap)

I gotta come back

And you

Can watch me ride

When I arrive

I'm sick

From insecurity

Popularity

It's like

Just about parody

It's says

To rock so what

(It's a fear of me)

Don't look

Don't jock, my style

When I'm gearing up
Don't try to go
Skip my time
Cause' the look's so edgy
And it's mine for long
So step it up, step it up
Don't take my time
Don't just go back
Arrive
(Rap)
I'm going back to school
And that's so cool
There's no trap
(Trap)
I gotta come back
And you
Can watch me ride
When I arrive
I'm going back to school
And that's so cool (2x)
There's no trap
I gotta come back
I gotta come back
I gotta come back
And you
Can watch me ride
When I arrive
ARRIVE
