

Vanessa Paradis, La La La Song

La la la song
There is no substitution
For the way I feel
Didn't know this could be real
Don't want no explanation
For what is on my mind
Cause I'm doing fine
If it's a dream then let me sleep
Only wake me when
you're in my arms again
I've been waiting for a while
Now you gave me the reason why
I was holding on singing lalala
If it's an illusion let it flow
Right or wrong I don't wanna know
Keep it coming baby lalala
Don't need no complications
You can not conceal
What the heart reveals
How ever long it's gonna last
And where it goes
If a fortune teller says
I don't even need to know
I've been waiting for a while
Now you gave me the reason why
I was holding on singing lalala
If it's an illusion let it flow
Right or wrong I don't wanna know
Keep it coming baby lalala
The principle of love is that
When you get enough
Then you can give it back
If it's a dream then let me sleep
Only wake me when
you're in my arms again
I've been waiting for a while
Now you gave me the reason why
I was holding on singing lalala
If it's an illusion let it flow
Right or wrong I don't wanna know
Keep it coming baby lalala
