

Vanessa Williams, Better Off Now

I could feel it when we said goodnight
We both knew it had to end
We couldn't make it right
But we still come back again
Don't be sad 'cause we gave the best we had

We're better off now, better off now
Maybe we just don't know it
Better off now, better off now
Maybe this time
We're better off saying goodbye

I know I'll never feel the same
After loving you this way
I'd do it all again
Though I know my heart would break
Once you've loved like this how do you admit

We're better off now, better off now
Maybe we just don't know it
Better off now, better off now
Maybe this time
We're better off saying goodbye

Maybe we just don't know it
Better off now, better off now
It's hard to realize
We're better off saying goodbye

Close your eyes and I'll be there
If you ever think you need me

We're better off now, better off now
Maybe we just don't know it
Better off now, better off now
Maybe this time
We're better off saying goodbye
