

# Vanessa Williams, For The Love Of You

Drifting on a memory  
Ain't no place I'd rather be than with you  
Loving you  
Day will make the way for night  
All we need is candlelight  
And a song, soft and long  
Well, you'd like to think  
We're alone with a love unlike no other  
Sad to see, a new horizon slowly coming into view  
Chorus:  
I want to be living for the love of you  
All that I'm giving is for the love of you  
Lovely as a ray of sun  
That touches me when the morning comes  
Feels good to me  
My loving me, yeah  
Smoother than a gentle breeze  
Flowing from my mind with ease  
Soft as can be  
Well, when you're loving me, ooh baby  
Love to be  
Riding the waves of love enchanted with your touch  
It seems to me  
We can sail together in and out of mystery  
chorus  
Paradise, I hafta think, can't feel as secure again  
You're the key  
And this I see  
Now and then I lose my way  
Confusing words to try and say what I feel  
Yeah, your love is real  
I might as well, sign my name on a card that's been saying better  
See, time will tell  
Cause it seems that I've done just about all that I can do  
chorus
