

Vanessa Williams, The Look

Gotta know, baby
He's got the look, baby
I want to know
He's got the look, baby
Just got to know

One sleepless night
No end in sight
Went out to have some fun
Rocked till morning light
To my surprise he caught my eye, yeah
My heart skipped a beat
What's happening to me

He's got the look, baby
I want to know
So fine (word)
Almost a crime
He's got the look, baby
Just got to know
Anytime (get with it)
Gonna make him mine

He came to me
Said 'do you like what you see'

No time for acting shy
Love's got a hold on me
His classy style, that sexy smile
Right then and there I knew
He was the one for me
Hey

Night dancing (hold me closer)
Romancing (awe baby)
Sweet love in your eyes
Together, forever
That's how it will be

He's got the look, baby
I want to know
Oh yeah
When you move, I like what you do
He's got the look
Baby, just got to know
Oh yeah
My heart skipped a beat baby
I like what I see
