

Vanilla, Don't Count On Me

Count your curses, count your blessings
Count all the window dressings
Count on stars above, but don't count on me

Count the endings, and beginnings
Bank on your Lotto winnings
Count on what you will, but don't count on me

Count all crosses at the county church
And then I leave you in the lurch

Count the family that you bury
Read the obituary
Count on stars above, but don't count on me
