

Vanilla, Grand Teton

God we'd enjoy
A sing-along,
Grand Teton for every boy

Spot of Mystery
The Reptile House
Isn't what it used to be

I can see
The signs along the way
So don't turn
Don't turn away

Great Gatsby's grave
Tucked between
The propylene
And Burma Shave

Point it and drive
Hat and Boots, Dinosaurs
The Java Jive

The fucking dive
Is buzzing like a hive
So don't turn
Don't turn away
Don't you turn away

Big ball of string
The chicken and the waffles
That the midget brings

God we'd enjoy
A sing-along,
Grand Teton for every boy
