

Vanity Fare, Early In The Morning

"Early In The Morning"

Evening is the time of day
I find nothing much to say
Don't know what to do, but I come to
When it's early in the morning
Over by the window day is dawning
When I feel the air
I feel that life is very good to me, you know
In the sun, there's so much yellow
something in the early morning meadow
Tells me that today you're on your way
And you'll be coming home, home to me

Night time isn't clear to me
I find nothing near to me
Don't know what to do but I come to
When it's early in the morning
Very, very early without warning I can
Feel a newly born vibration
Sneaking up on me again
There's a song bird on my pillow
I can see the funny weeping willow
I can see the sun
You're on your way and you'll be coming home

Evening is the time of day
I find nothing much to say
Don't know what to do, but I come to
When it's early in the morning
Over by the window day is dawning
When I feel the air
I feel that life is very good to me, you know
In the sun, there's so much yellow
something in the early morning meadow
Tells me that today you're on your way
And you'll be coming home to me
When it's early in the morning, very, very early
In the morning I can feel a new vibration
Sneaking up on me
