

# Vaquero, Sunshine

Lately something is missing, maybe last time it was too easy  
Every time I try to let it out, just makes it worse  
And you still keep waiting for more

Been in to many places maybe I didnt get your message  
Every time I try to bring you down t makes it worse  
And you know ill never give up

Sunshine, whats taking you so long?  
Sunshine, I just cant wait no more

Lately something is missing maybe last time it was to easy  
Every time I try to let it out, just makes it worse  
And you know ill never give up
