

# Various, Got To Get You Into My Life

Now I have nothing  
So God give me strength  
'Cos I'm weak in his wake  
But if I'm strong I might still break  
And I don't have anything to share  
That I won't throw away into the air  
That song is sung out  
This bell is rung out  
His was the light that I'd bless  
He took my last chance of happiness  
So God give me strength  
God give me strength  
I can't hold on to him  
God give me strength  
When the phone doesn't ring  
And I'm lost in imagining  
Everything that kind of love is worth  
As I tumble back down to the Earth  
That song is sung out  
This bell is rung out  
His was the light that I'd bless  
He took my last chance of happiness  
So God give me strength  
And God if he grants me his indulgence and decline  
I might as well  
Wipe him from my memory  
Fracture the spell  
As he becomes my enemy  
Maybe I was washed out  
Like a lip print on his shirt  
You see I'm only human  
I want him to hurt  
I want him  
I want him to hurt  
Since I lost the power to pretend  
That there could ever be a happy ending  
That song is sung out  
This bell is rung out  
His was the light that I'd bless  
He took my last chance of happiness  
So God give me strength  
God give me strength  
God give me strength  
God give me strength  
Give me strength.....  
Give me strength.....  
I need strength
