

Varnadeau Jeni, For My God

J. Varnadeau, P. Rogers

Romans 8:28, Genesis 50:20, Isaiah 38:17

I thought everything was just fine

Thought life had a meter and life had a
rhyme

My story seemed to have a clear outline

But the plot took a twist, it's not what I had
in mind

Then you turned the page

I started reading it and it didn't make sense

'Cause I read the beginning, and thought
that I knew the end

But that was a mistake

So I'll keep on reading

'Cause I trust there's a happy ending

CHORUS

For my good

For my good

You're still working

When things are misunderstood

For my good

It's hard to conceive

But I must believe for my good

Now You've written the pages of my life

And I'm still changing as You continue to
write

Though the words are wet with my tears

Each one I read seems to calm my fears

Your words I will embrace

And I'll keep on reading

'Cause I know there's a happy ending
