

Varsity Fanclub, Future Love

A couple of years.
And I'm gonna know your name.
It's like I waited for you forever.
And I know this might sound insane.
But it won't be long
Til' we're gonna take this up.
What I'm talking about is future love.
It's so far away.
And baby you're in this door.
Got me picturing your face again.
Something worth waiting for.
I put all others behind me.
they don't live up.
I know what I want, what I need, to the T.
Baby if they ask me.
I would say I don't even know your name.
And when they ask me:
Does it change?
No it don't change a thing.
'Cause it's something about the way you love me.
And it's something about the way you know me.
That I can't explain enough.
There's just something about our future love, future love, future love.
There's just something about a
future love, future love, future love.
Walking hand in hand.
Going on the second date.
I can picture what you're wearing.
And the kiss I can almost taste.
Thought of all the ways.
We meet for the very first time.
I can see the place, feel the love, at first sight.

I know, the minute you pull up next to me.
We standing there like destiny.
When it feels like you're fighting just to breathe, that's when you know.
The minute I pull up next to you.
Suddenly you don't know what to do,
Everything inside you says that I'm the one.
