

Vasco Era, Kingswood

You can make me bleed
Oh love is true
You can make me bleed

Move up to the city
And ill follow you
Move up to the city

Well I want you, want you to know
Well I remember when you were gone
Well I want you, want you to know
Well I remember when you were gone

Take a drive to see
The way you win
Take a drive to see

'cause I aint found the time
To navigate.
I aint found the time

Well I want you, want you to know
Well I remember when you were gone
Well I want you, want you to know
Well I remember when you were gone
