

VeggieTales, Stand Up!

My Mummy always told me to do what's right;
To wash behind my ears and try to be polite.
She says she loves me so.

(That's beautiful.)

It's like she tells me what I need to know.

(I've got a lot of respect for that woman.)

But sometimes when I'm playing with a buddy or two,

They're doing things you're not supposed to do.

(Do you go along - even though the things they do are wrong?)

I remember stand (Stand up, stand up)

For what you believe in, believe in,

Believe in God (He's the one to back you up)

We'll stand with you!

When everybody tells you that you have to be cool,

Remember what you learnt in church and Sunday school.

Just check it out - the Bible tells us what it's all about.

(Oh, you know that's right.)

So if you have a question, go ask your Dad,

And he can tell you if the thing is good or bad.

You'll make their day,

If you remember what your parents say (what they say.)

They told us stand (Stand up, stand up)

For what you believe in, believe in,

Believe in God (He's the one to back you up)

We'll stand with you!

Oh, stand (Stand up, stand up)

For what you believe in, believe in,

Believe in God (He's the one to back you up)

We'll stand with you!

He'll stand with you, oh yeah.
