

Velocity Girl, A Chang

Sadness comes around me
I feel I have to know
Should I leave right now
Or tell my love
Maybe I am afraid
Maybe I am afraid
I feel away with love
This might be a long time
After all
If baby you want to know
You give me less than I want
But more than you can do
Is less than I can have
I know
All the streets are crowded
And you are on my mind
You will return to me
And that is all I want
