

Velvet Acid Christ, Vaginismus

a siren of light bleaking out
and now it's time to pull away
into the ocean, into the sea
we always look on tv
no one lives this last day
of generation x
for living now is the sin of all time
the sin of all time
this is where it breaks down
and now the time is seeping through
into the back of front of you
now is the end of the world
and then they tie you up
into a knot, into a cloud
well into the ground
where satan lives
to bring all you kids
up in a world
where nothing's down
come into a freaky show
they push you, into the death now
we're in the death wish
we're in the death wish
in the death wish
where it crawls into the walls
into the death wish
where it crawls through the walls
let go, this, now far
no fun with a hole
into the death wish
death wish, death wish
