

# Velvet Belly, Dance Again

It's what I wish for  
The day that I hope for  
Lean over and whisper  
When it's over baby  
When we wake up to  
That day you free my mind

Dance again tonight  
Into my heart  
Once again tonight  
Stay in my arms

And I'm sleepless  
Even more confused  
Unable to answer  
Only when I'm with you  
Only then I feel  
My fear is fading

Dance again tonight  
Into my heart  
Once again tonight  
Stay in my arms

There's only this way  
And it's not smooth  
But it's still the right way  
And when it's over baby  
When we wake up to that day...

Dance again tonight  
Into my heart  
Once again tonight  
Stay in my arms
