

# Velvet Belly, Surrender

What do you hear  
Within the noise  
Not a noise you recognize  
Not a song you want to sing along  
Not a sound reflecting your mind  
What you hear  
Is not to fear

You know this feeling  
Makes you surrender  
You know this feeling  
Takes you to her

What do you see  
Through the haze  
Of your days  
Looking back  
Seeing her face  
It's one in a million  
How her eyes  
Peer in your mind  
What you see  
Is yet to be

You know this feeling  
Makes you surrender  
You know this feeling  
Takes you to her
