

Venejer, Colors Of The Fall

Verse 1.

Stuck in here feeling cold
Forever may never come
Trapped inside
My dying Kingdom
Everything seems undone.

Prechorus.

Under the clouds I roam
Above the skies I call home.

Chorus.

Colors of the fall
Break my heart
Lifes sweet smell
Consumes me
Seasons always change
But I'm still the same
Deaths bitter taste
Breaks me.

Verse 2.

Always down never fallen
Rising never seemed so hard
Lifes deceiving feels so easy
Perjury has not yet won.

Prechorus.

Under the clouds I roam
Above the skies I call home.

Chorus.
(Repeat).

Prechorus.

Under the clouds I roam
Above the skies I call home
Nothing is as it seems
Nothing is as it used to be.

(Solo)

Chorus.
(Repeat).
